EDUCATION

University of Notre Dame | Cumulative GPA 3.68 South Bend, IN
B.S.E. in Computer Science, Minor in Engineering Corporate Practice May 2023

PROFESSIONAL EXPERIENCE

- Visa** | *L2 Data Analyst* | Austin, TX May 2022-Present
- Spearheaded AI enablement initiatives across infrastructure and operations teams by developing full-stack internal applications that automated procurement, reporting, and operational workflows.
 - Led executive operational governance meetings with SVPs and CTO leadership covering M&A uptime/performance, incident management, quarterly OKRs, cloud metrics, audit reporting, and demand management.
 - Built and deployed 10+ executive-facing dashboards and analytics platforms using Python, SQL, React, Power BI, and REST APIs to monitor VisaNet volumes, operational health, and enterprise performance metrics.
 - Consolidated 15+ operational data sources into centralized MSSQL/Azure databases, enabling scalable enterprise reporting while reducing technical debt and manual Excel-based processes.
 - Developed internal BI platforms and data pipelines integrating cloud, infrastructure, and operational metrics to improve decision-making, reporting automation, and leadership visibility.
 - Partnered with leadership on AI governance and cloud cost optimization initiatives, helping establish scalable operational and reporting standards.
- Ombre** | *Software Engineer Intern* | Palo Alto, CA January 2022-April 2022
- Enhanced Ombre's web application by developing and optimizing backend functionality using the Flask Python framework.
 - Redesigned and normalized database schemas to improve scalability and performance while processing and integrating millions of user data records, including Shopify platform integrations.
 - Implemented and optimized HTTP request handling and status code management across the application, improving reliability, error handling, and overall user experience.
- IBM** | *Programming Co-Op* | Virtual August 2021-December 2021
- Developed on the IBM "i"/AIX operating system as a full-stack developer
 - Automated many repetitive tests run on new software using Ansible, Perl, and PHP for partition/machine tests
 - Increased time spent by at least 20% for employees through automation of repeatable test commands
- IBM** | *Programming Intern* | Rochester, MN May 2021-August 2021
- Designed and launched a full stack web app using React and Electron to host testing commands to make it easier for users through a GUI
 - Wrote Ansible, Perl, and Python scripts to run partition/machine tests with enterprise/design trainings in mind

LEADERSHIP & PROFESSIONAL DEVELOPMENT

- Bloomberg Tech Lab Fellow** November 2022
- One of 28 engineers selected to attend a three-day program in the San Francisco office
 - Collaborated with engineers to build a Python-based portfolio manager, including the CTO
- Management Leadership for Tomorrow** | *Career Prep Fellow* | Virtual March 2021-February 2023
- Participated in a highly selective professional development program for high-achieving diverse talent
- Fighting Irish Scholar** | *Student Scholar and Leader at Notre Dame* | South Bend, IN November 2019-Present
- Helped in the local senior citizen center for 2019 and guided underprivileged students take advantage of resources
- Computer Science for Good** | *Student Member at Notre Dame* | South Bend, IN January 2020-Present
- Give back to the local community by helping schools enhance their software
- Northwest University** | *Study Abroad Student in the summer* | Xi'an, China June 2019-August 2019
- Participated in rural community service projects and learned Mandarin

TECHNICAL SKILLS

Languages in Order of Proficiency - Python (most proficient), C++, SQL, PHP, React/Javascript, C, HTML, Perl
Technologies - AWS, Jira, Tableau, Microsoft SQL Server, Networking, Solidworks, Bourne Shell, GitHub, BitBucket

LANGUAGES, AWARDS, & INTERESTS

Languages - Spanish (native fluency)
Awards - National Hispanic Scholar (Awarded by College Board), Young Leader Consortium Scholar (University of Chicago), Business Management Skills Assessment (Awarded by Arizona Department of Education), Future Business Leaders of America State Winner for Entrepreneurship, Future Business Leaders of America March of Dimes Award
